To Whom It May Concern:

I would like to speak to the subject of the foreign exchange program, International Experience.

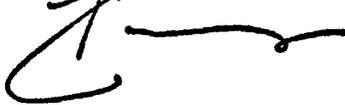

While I worked for the Oregon School District I had the privilege of having students attend my school through this agency. They were outstanding students, who came with a good knowledge of the English language. The students joined clubs and sports teams, made friends, and were an asset to our student body. This year at Stillman Valley I have three students from International Experience and feel they are equally prepared to be a part of high school life here.

The Local Coordinator for International Experience was a professional from the start. She found families in the Oregon community, as well as the Stillman Valley area, and supplied my office with complete information on the students. She supervised the students with bi-monthly visits to the school and was very easy to work with.

I believe that you will find International Experience to be a very reputable organization to work with.

If you have any questions, please feel free to contact me at Stillman Valley High School 815-645-2291.

Sincerely,

Phillip Caposey
Principal
